

MANIKANTH Y

Senior AV Presales & Solution Design Engineer

Bangalore, India 632001 | +91-8885327345 | Manikanth715@gmail.com

PROFESSIONAL SUMMARY

Senior AV Presales and Solution Design professional with 6+ years of experience leading end-to-end audio-visual system design and technical presales across enterprise, government, and institutional projects. Skilled in AV system architecture and solution design for boardrooms, meeting rooms, auditoriums, training rooms, classrooms, experience centres, and command & control centres — spanning video conferencing, digital signage, video walls, active LED displays, audio DSP, AV-over-IP, and control systems. Adept at translating client requirements into technically compliant, cost-optimized proposals through BOQ/BOM preparation, technical specifications, RFP/RFQ/tender compliance analysis, and value engineering. Strong OEM and vendor coordination experience (Cisco, Crestron, Extron, QSC, Logitech, Poly, Yealink, Shure, Sennheiser, Barco) with a consistent record of supporting the design and win of large-scale AV solutions for BFSI, government, healthcare, and education clients.

CORE COMPETENCIES

- AV Solution Design & System Architecture
- Site Survey & Client Requirement Analysis
- Technical Specifications & Compliance Documentation
- Value Engineering & Cost Optimization
- Technical Proposals & Client Presentations
- Cross-Functional Project Coordination
- AV Presales Engineering & Technical Consulting
- BOQ / BOM Development & Cost Estimation
- RFP / RFQ & Tender Analysis
- OEM & Vendor Coordination
- Stakeholder & Customer Management
- Project Planning & Design Documentation

AV TECHNOLOGY & OEM EXPERTISE

Hands-on coordination, product evaluation, and solution-design exposure gained through enterprise and government presales engagements. (See Certifications & Technical Training below for formal product training.)

- **Video Conferencing & Collaboration:** Cisco, Logitech, Poly, Yealink
- **Control & Automation:** Crestron, Extron, QSC (Q-SYS)
- **Audio:** Shure, Sennheiser, Biamp
- **Displays & Signage:** LG, Samsung, Sony, Barco

CERTIFICATIONS & TECHNICAL TRAINING

- Extron – Product / Technical Training
- Crestron – Product / Technical Training
- QSC – Product / Technical Training
- Logitech – Product / Technical Training and many more.

PROFESSIONAL EXPERIENCE

Presales Specialist

Four Corners Technology Pvt. Ltd. — Bangalore, Karnataka, India | Jan 2020 – Present

- Lead the end-to-end AV presales lifecycle — client requirement analysis, site surveys, solution design, technical proposal development, and handover to project execution teams.
- Conduct client meetings, site surveys, and technical workshops to translate business requirements into optimal AV and collaboration solutions.
- Design enterprise AV systems for boardrooms, meeting rooms, auditoriums, training rooms, classrooms, experience centres, command & control centres, and digital signage deployments.
- Design Microsoft Teams Rooms (MTR), Zoom Rooms, and Cisco collaboration environments, integrating audio, video, control, and collaboration technologies into unified hybrid meeting solutions.
- Prepare detailed BOQs, BOMs, Scope of Work (SOW), technical specifications, and compliance documentation to support solution proposals.
- Develop AV system schematics, signal flow diagrams, rack layouts, and network topology drawings using AutoCAD and Visio.

- Evaluate customer RFPs, RFQs, and tender documents for technical compliance, identifying value-engineering and cost-optimization opportunities.
- Coordinate with OEM and technology partners — Cisco, Logitech, Crestron, Extron, QSC, Shure, Sennheiser, Yealink, Poly, LG, Samsung, Sony, Barco, and Biamp — performing product comparisons and interoperability assessments to recommend best-fit solutions.
- Deliver technical presentations, customer demonstrations, and proof-of-concept (POC) walkthroughs for stakeholders and decision-makers.
- Partner with sales, procurement, engineering, and project management teams to align pricing, technical feasibility, and delivery timelines.
- Support large-scale government tenders and enterprise bids by preparing technical compliance matrices, OEM documentation, MAFs, and prequalification submissions.
- Review project drawings, construction documents, and site infrastructure readiness against AV design standards; provide technical guidance during FAT/SAT, commissioning, and client handover.

Key Achievements

- Designed and proposed AV solutions for multiple enterprise, government, healthcare, education, and BFSI projects valued at several crores (INR).
- Delivered technically compliant, value-engineered proposals with strong win rates through optimized BOQs.
- Reduced project costs by identifying alternative technologies without compromising performance or functionality.
- Managed multiple concurrent presales opportunities while meeting aggressive proposal submission timelines.
- Built strong technical relationships with OEMs, consultants, architects, and key clients, strengthening business opportunities and customer satisfaction.

SELECTED CLIENTS & PROJECTS

Enterprise & Institutional Clients — Four Corners Technology Pvt. Ltd.

AV solution design and technical presales support delivered for: Hindustan Petroleum Corporation Limited, Reserve Bank of India, Diageo, Allen Digital Corporation Office, Lenovo, ABB, MMD, CX100, West Pharma, Foxconn, TASC, Magna, Kanini Software Solutions, National Institute of Technology, and Astellas Pharma.

Central Government & Defense Projects (AV Design)

ISRO (Indian Space Research Organisation), HAL (Hindustan Aeronautics Limited), Defence Services Staff College, and Reserve Bank of India.

TECHNICAL SKILLS

AV System Design & Engineering

- AV System Architecture & Solution Design
- Audio System Design (DSP & Signal Flow)
- Video Conferencing Solutions (Cisco, Logitech, Poly, Yealink)
- Microsoft Teams Rooms (MTR) & Zoom Rooms Design
- Unified Communications (UC) Solutions
- AV-over-IP & Network Infrastructure
- Control & Automation Systems (Crestron, Extron, QSC/Q-SYS)
- Digital Signage & Video Wall Solutions
- Active LED / Direct-View Display Design
- Room Collaboration Systems

Presales & Consulting

- Solution Design & Technical Consulting
- BOQ/BOM Preparation & Cost Estimation
- Technical Specifications & Compliance Documentation
- RFP/RFQ & Tender Analysis
- Value Engineering & Cost Optimization
- OEM & Vendor Coordination
- Client Presentations & Technical Proposals
- Stakeholder & Customer Management

Design & Documentation

- AV System Schematics & Signal Flow Diagrams
- Rack Layouts & Network Topology Diagrams
- Construction Drawing & Infrastructure Review
- Project Planning & Design Documentation
- AutoCAD & Visio

EDUCATION

B.Tech, Mechanical Engineering
Priyadarshini College of Engineering and Technology — Nellore, India | 2019
